

# List of Permitted Service Providers

Please note that Lake Service Provider training courses and permit applications are on-going. This list will be updated as applications, course attendance, test scores, and payments are processed.

Permits have been mailed to the businesses on this list. Other businesses have taken the training, but other aspects of the permit process may not be completed at this time. To obtain a permit, businesses must apply for their permit online <http://mndnr.gov/lsp/index.html>, pay a \$50 permit fee, and DNR must verify that the permittee attended a training course and passed the test.

**List updated on: May 14, 2013**
