- 10) Map - Infested Waters

HOW RESORT/CAMPGROUND OWNERS AND STAFF CAN HELP:

- 1) Send Letter To Guests Before Arrival
- 2) Encourage Watercraft Inspections/Decontamination
 - 3) Check List Of Infested Waters. Use Minnesota Fishing Regulations Book Or Use DNR Website: (<https://www.dnr.state.mn.us/invasives/ais/infested.html>)
- 4) Have Guests Complete Questionnaire
- 5) Ask Guest What Was Last Lake Visited With Watercraft. If A Zebra Mussel Infested Lake, Encourage Decontamination At Hubbard County Site
- 6) Personally Inspect Or Ask Guest To Inspect And Clean Watercraft. Insure Guest Has Drained Livewells, Motors And Bilge Before Placing Watercraft In The Lake. Follow State Laws On AIS Prevention
- 7) Place AIS Information On Resort Website
- 8) Order And Stock Information Cards For Guests
