

The HC COLA Education Team has some complimentary posters available for your lake association kiosks, etc. Through a [community based social marketing survey](#) with 1,965 angler responses, the MN DNR found anglers prefer to receive AIS info at the boat ramp, bait dealer, plus fishing pier and fishing access points.

You may pick up the posters on [Water Cooler Wednesday](#), May 12th at 5:30 PM at Park Rapids Chamber of Commerce Parking Lot, 1204 Park Avenue South, Park Rapids (Hwy 71 south of Downtown Park Rapids near the A&W Restaurant)

Please email hccolamn@gmail.com to arrange to get your posters sooner.

This poster is the same label that is printed on bait bags available at the local bait dealers beginning with opening of fishing 2021 while supply lasts. The Hubbard County AIS Program and several other counties are sponsoring.

We plan to add the DNR Boat Decon website and Park Rapids call ahead phone number on the bottom of this poster.

Swedish Dishcloths work well to wipe equipment off.
